INTRODUCTION

Neighborhood associations are the foundation of Atlanta's neighborhood planning system. The Mayor, the City Council and various City agencies rely heavily upon neighborhood organizations for comments and suggestions concerning the City's growth and development.

This directory contains a listing of more than 300 neighborhood organizations, with contact information. It also lists neighborhood planning units, council districts, meeting day and time also whether not the association publishes a newsletter. In addition, the directory provides a listing of neighborhood organizations within each NPU and Council District.

The information contained in this publication is generated from updates received from the Neighborhood Planning Units and Neighborhood Organizations. We encourage your assistance in maintaining accurate records.

If you would like to offer updated information, please contact the Bureau of Planning at (404) 330-6145.

TIPS FOR INTERESTED NEIGHBORS

NEIGHBORHOODS ON THE WEB

Neighborhood Link (www.neighboraddress-hoodlink.com) is a civic communications tool that enables neighborhood associations across the United States to create their own free, interactive Web sites. These sites are designed to build stronger communities and further enable civic participation and communication in all regions that embrace this tool. Several of the City's neighborhoods can be found on the Neighborhood Link website.

FAMILIAR WITH NUSA? Neighborhoods USA is a national organization based on the sharing of ideas and skills for happier, safer communities. NUSA has a quarterly newsletter and an annual conference where they offer awards for outstanding neighborhood programs. Interested? Write NUSA at:

**Neighborhoods USA
Mid City Station, Box 307
Dayton, OH 45402**

Or you can visit them on the web at www.nusa.org

NEIGHBORHOOD PLANNING UNIT SYSTEM

Atlanta is a leader among the nation's cities in recognizing and reinforcing neighborhoods as an important aspect of a city's well being. When the neighborhood planning system was implemented in 1975, the City's neighborhoods were grouped into 24 planning units. These NPU's are the principal means for facilitating citizen participation in the City's planning process, and for providing advice on issues affecting city government.

NPU's meet on a monthly basis to consider community concerns. Membership is open to anyone 18 years or older whose primary place of residence is within the NPU, or any corporation, organization, institution or agency which owns property or has a place of business or profession within the NPU.

The neighborhood planning system was established to provide an opportunity for citizens to participate actively in the Comprehensive Development Plan and to receive information concerning all functions of City government. The system enables the citizen to express ideas and comments on City plans and proposals. It also helps the City to develop plans which best meet the needs of different areas.

The City of Atlanta encourages citizens to attend the monthly meetings of their NPU's. For information call (404) 330-6899 or fax (404) 658-7638 The City of Atlanta Bureau of Planning office for any additional contact:
